Kindly take note that the import permit office in Windhoek does not receive state funds
BANK OF NAMIBIA
ACCOUNT # 165003
BRANCH CODE: 980172
REFERENCE: MINISTERIAL ALLOCATION OF REVENUE (YOUR TEL/CELL NUMBER)
ALLOCATION FOR PERMIT: 313722780
3. **For clients who wish to pay for their permits outside Namibia, a permit fee of 50 Euros** or equivalent is payable at Namibia's diplomatic mission offices in their respective countries, using the allocation number: : **313722780** and the receipt should indicate "Vet Import permit"
4. The proof of payment can either be submitted together with the application form or presented on the day of collection.
5. The permit takes maximum 3 working days to be processed; hence applications should be done well ahead of time.
6. Completed application forms and proof of payment should then be emailed to Vet.Permits@mawlr.gov.na/vbenhard@hotmail.com/mahoto.liyemo@mawlr.gov.na
7. All queries should be forwarded to +264 61 303150/2087890/1/2
8. On the day of application submission/day of permit collection, clients are required to fill in/enter their details in the permit application register book kept at the reception.
The office is located at Ministry of Agriculture, Water and Land Reform, Government office park, Luther Street, East Wing, 2nd floor.
9. Kindly take note that it is the responsibility of the client to ensure that his/her/their permit/s is/are collected on time from the import office.
10. Detailed import information/requirements will be well explained/furnished in the veterinary import permit.
11. Import permits are valid for 4 months and are for single use only, master import permits for animal feed only are valid for 6 months and are for multiple imports (this does not include veterinary import permits for animal feed from the Republic of Zambia.) and in transit permits are valid for 2 month.
12. Once you receive your permit, please read page 1 of every veterinary import permit and understand your duties and responsibilities with regards to the importation of the commodity of your choice into Namibia.
13. The veterinary official at the import office is authorized by law to request for more information necessary to issue you a permit.
14. No commodity should enter Namibia without a veterinary import permit and without authorization by the veterinary official at the point of entry.

15. Upon entering Namibia, consignments/commodities are subjected to inspection by the veterinarian at destination and **MUST** not be offloaded or seals broken without their authorization. The name and the number of the state veterinary office responsible for inspection of your commodity will be provided to you on page 1 of your veterinary import permit.
16. Veterinary import permits are issued in terms of the Animal Health Act 1 of 2011.

Additional information regarding Import for Pets into Namibia.

a) Movement between South Africa and Namibia

1. Only applicable to pets of either Namibian or South African origin or those which has been residents of either country for three months or more
2. The pet should've been vaccinated once or more than once with the last vaccination performed not less than 30 days before travel and not more than 1 year before travel.
3. An **inter-territorial movement permit is required**, which must be obtained through his/her local state veterinarian in South Africa. The same procedure is applicable to pet owners who wish to travel with their pets from Namibia to South Africa. Permits are obtainable at all state veterinary offices in Namibia.
4. The inter-territorial movement permit, vaccination record as well as the pet should be presented to the veterinary official at the port of entry/exit and should not leave the border without their authorization.
5. Bringing a pet into Namibia or taking a pet out of Namibia without meeting the requirement as indicated from 1 through 4 above is an illegal act and is punishable.

b) Botswana and the rest of SADC

1. Only applicable to pets of either Namibian or SADC origin or those which have been residents of either country for three months or more.
2. The pet should've been vaccinated once or more than once with the last vaccination performed not less than 30 days before travel and not more than 1 year before travel.
3. A **Veterinary Certificate of Identity, Rabies Vaccination and Movement permit for Dogs and Cats** is required, which must be obtained through local state veterinarians in Namibia. Permits are obtainable at all state veterinary offices in Namibia.
4. Importation of pets from SADC countries rather than Botswana and South Africa requires a veterinary import permit which is obtainable from the import office in Windhoek.
5. The Veterinary Certificate of Identity, Rabies Vaccination and Movement permit for Dogs and Cats/Import permit, vaccination record as well as the pet should be presented to the veterinary official at the port of entry/exit and should not leave the border without their authorization.
6. Bringing a pet into Namibia or taking a pet out of Namibia without meeting the requirement as indicated from 1 through 4 above is an illegal act and is punishable.

c) Importation of pets from EU and USA

1. No quarantine is required
2. Vaccination book/ pet's health book is required
3. The Pet must be fully vaccinated, NB: Rabies vaccination must be up to date. If the pet is less than 3 month old, we will need rabies vaccination of the mother, if older than 3 month, rabies vaccination must be up to date.
4. Your pet must be micro-chipped in case you will be transiting a country where Microchip is required
5. There are tests that must be done before the pet travel to Namibia (All tests are in the import permit)
6. You must apply for the import permit; the permit will be issued within 3 working days
7. A fee of **50 euro** is payable at our nearest Embassy (for UK embassy, ask for Mrs Ruth Kangwiya, she is responsible for payments), send the receipt and the application form to our email.
8. Please make necessary transport arrangements for your import permit.
9. Once the permit has been endorsed by the State Veterinarian in the exporting country, scan it and send it

to our office together with the dogs passport and laboratory results, we will be able to issue you a landing permit.

10. Pets from South Africa do not require an import permit; an Inter-territorial movement permit must be issue by the state veterinarian.
11. **NB: Carefully read the conditions of the permit.**

d) Importation of pets from other countries not mentioned above

1. A 30 days Quarantine is required upon arrival in Namibia
2. Importers should follow the importation procedure as indicated in **C2 through C11 above.**

It should be noted that export requirements is the responsibility of the importing country hence, clients are expected to obtain such information from countries or states where they want to export their pets to and should comply fully before leaving Namibia.
